

## Lift your washroom to a new level

Tork Elevation™ is Essity's global line of dispensers that applies Functional Design™ principles to deliver sophisticated solutions for customers' needs. With both black and white color options, Elevation dispensers provide a unified family feel, and a modern, sculptural design to complement a variety of washroom environments.

- A controlled consumption system that reduces usage, promoting lower product costs, less waste and reduced labor costs.
- Innovative design improves washroom efficiency and hygiene through intuitive maintenance, refilling and use as well as smooth surface for easy cleaning.
- Durable construction withstands any washroom environment.
- Seamless product surface is less susceptible to contamination and dirt build-up in cracks, corners or small areas of the dispenser — simplifying the cleaning process and enhancing hygiene.
